DETAILED ACTION

Allowable Subject Matter

Claims 1-12 allowed.

Claims 1,7 are allowable because the prior art of record fails to teach, in combination with other claim limitations,

a network processor supporting multicast transmission comprising...

means for assigning additional buffers and additional frame control blocks for each multicast target and linking these additional frame control blocks with the original frame control block associated with the frame; means using a multicast counter for determining when the frame has been sent to each of the multicast targets; and means returning the buffers and frame control blocks assigned to each multicast target to free queues as the frame is sent to each target and returning the original buffers and frame control blocks to the free queues after the frame has been sent to all of the multicast targets.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Zewdu Habte whose telephone number is 571-272-3115. The examiner can normally be reached on 8:30-5:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Kenneth Vanderpuye can be reached on 571-272-3078. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
